Mechanic Assistant / Shop Help

Job Description

Will assist in the rebuilding process of boat lower units. Main duty is to get outer casing ready for the mechanic to rebuild. This includes filling holes and sanding metal surfaces so product looks cosmetically close to new. Willingness to work hard in a fast paced environment is necessary as is attention to detail.

Seasonal position through August or September.

Hours 9-5 M-F but we will be flexible with school schedules. Hours may be flexible based on work load.

Qualifications

- Willing to work in a mechanic shop environment
- Hardworking
- Mechanical aptitude a plus
